Comment : The standard of F2 repairs have gone worse over the years, as most repairers dont want to, dont know how to, dont have spare parts to repair the F2. Thankfully, I dont see too many F2s tampered by cowboys. Most F2s simply havent been serviced for 30 years

Comment : I repaired a few hundred F and F2s (12+ yrs) and have never seen hacks half as bad as the ones shown in your JPG collection. Keep up the PRO work like I did! :)
